WHAT IS AR?

adidas Runners Global

adidas Runners India

adidas Runners is an international community comprising people from different backgrounds and walks of life, united by a desire to become better: better runners, better athletes and, ultimately, better humans.

We run with each other, not against each other, pushing each other to new personal bests. Every adidas Runner understands that the ultimate goal is not to ‘win’ but to push their boundaries every time. adidas Runners takes a holistic approach that elevates all aspects of life – it’s training like the pros, but on your own terms.
