

YEAR END ANALYSIS 2022

ACHIEVEMENTS

1	Podium finishes for Amrita this year in multiple racing events
2	Participated in multiple beach clean-up drives with the community
3	On 5th June, Mumbai came together to fight against plastic waste 2,000+ participants with a mission to save our oceans The result? Versova Beach has 34000 kgs lesser garbage 🗑
4	Identified and started a new location: Andheri
5	Increase in female participants

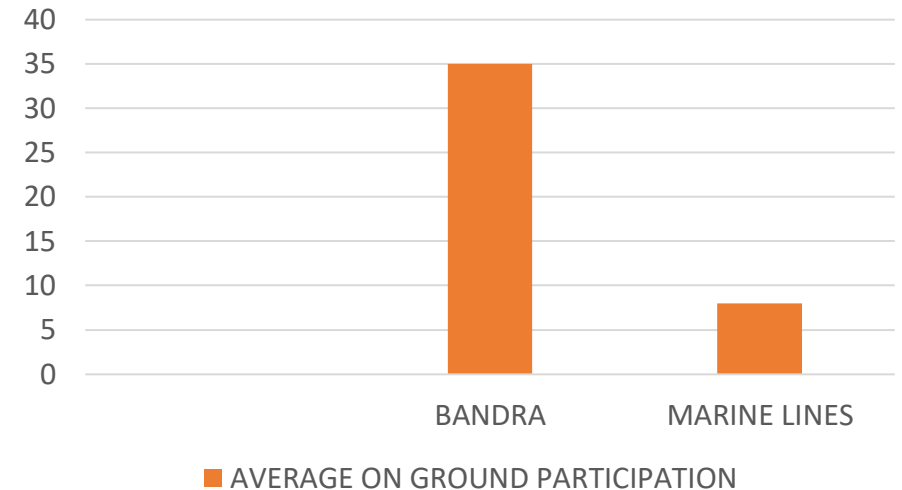

COMMUNITY SIZE- ON GROUND 2021

JANUARY TO APRIL

- Only 1 location activated: Average of 25

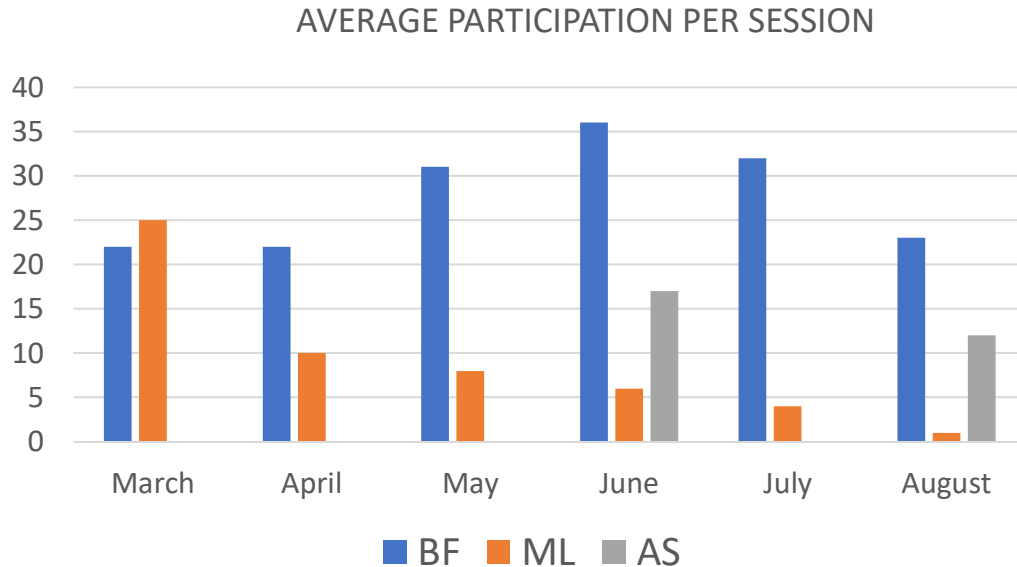

AUGUST TO NOVEMBER

- BANDRA: Participation increased
- MARINE LINES: Had a start but couldn't capitalize.

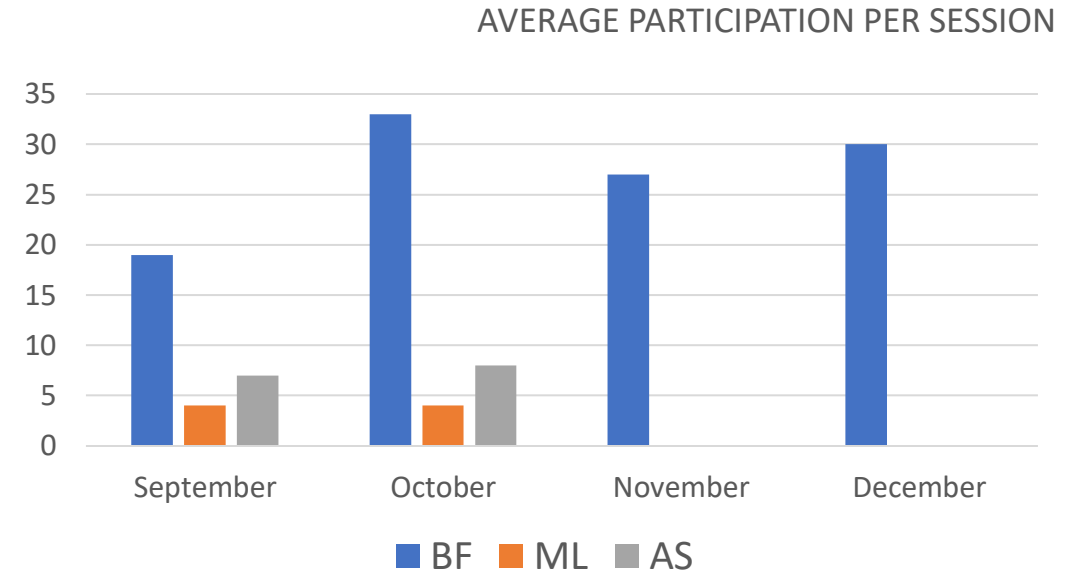

COMMUNITY SIZE ONGROUND 2022

- March to August

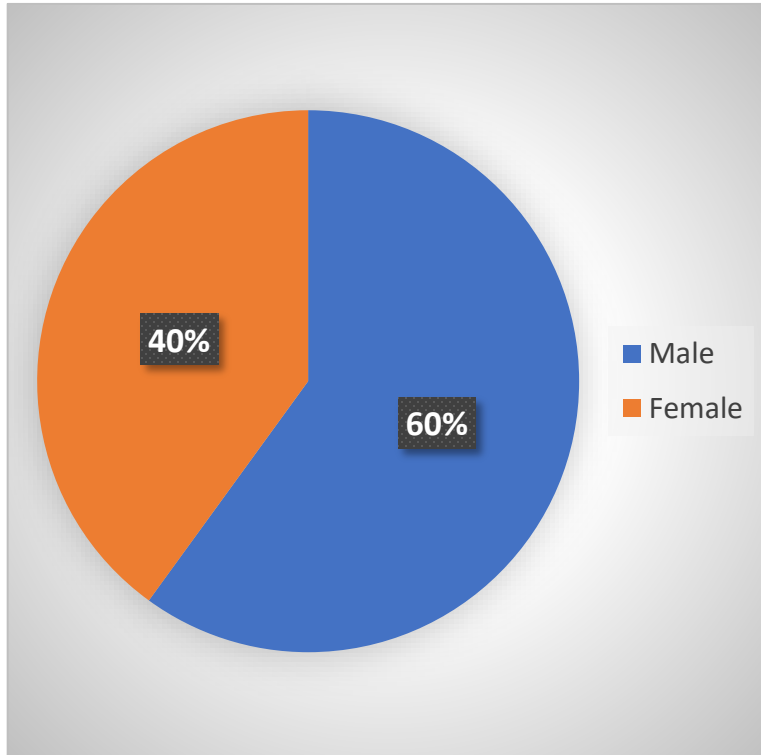

- On ground sessions started in the last week of February.
- A new location, Andheri was activated under the captaincy of Umar from June onwards where we had an average of 14 members attending sessions regularly.

- September to December

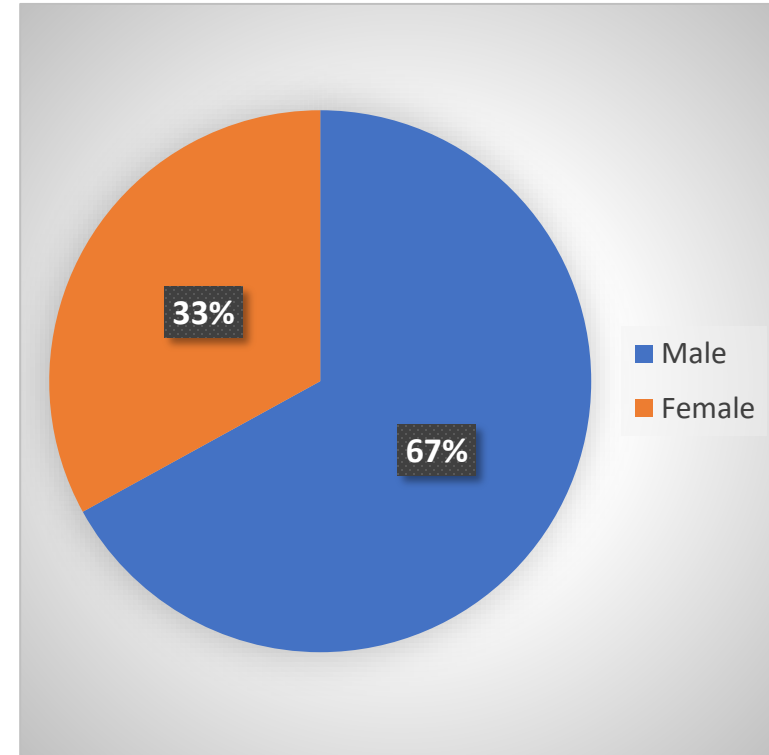

- Since we couldn't capitalise on Marine Lines we had to unfortunately shut down the chapter.
- We stopped scheduling sessions at the Andheri store as well due to the crew's unavailability.

DEMOGRAPHICS

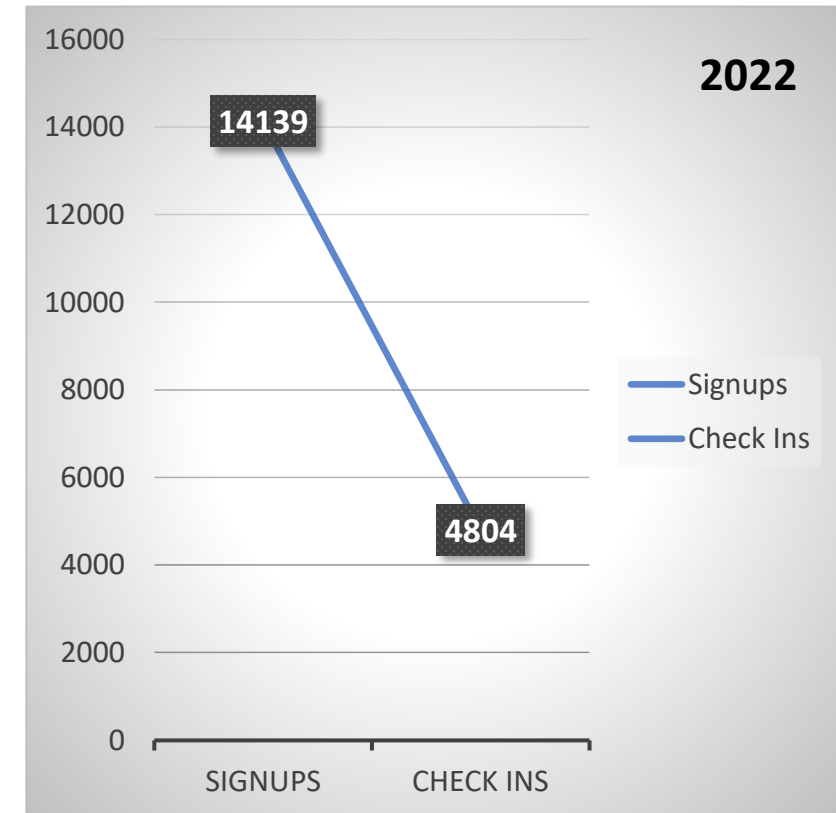

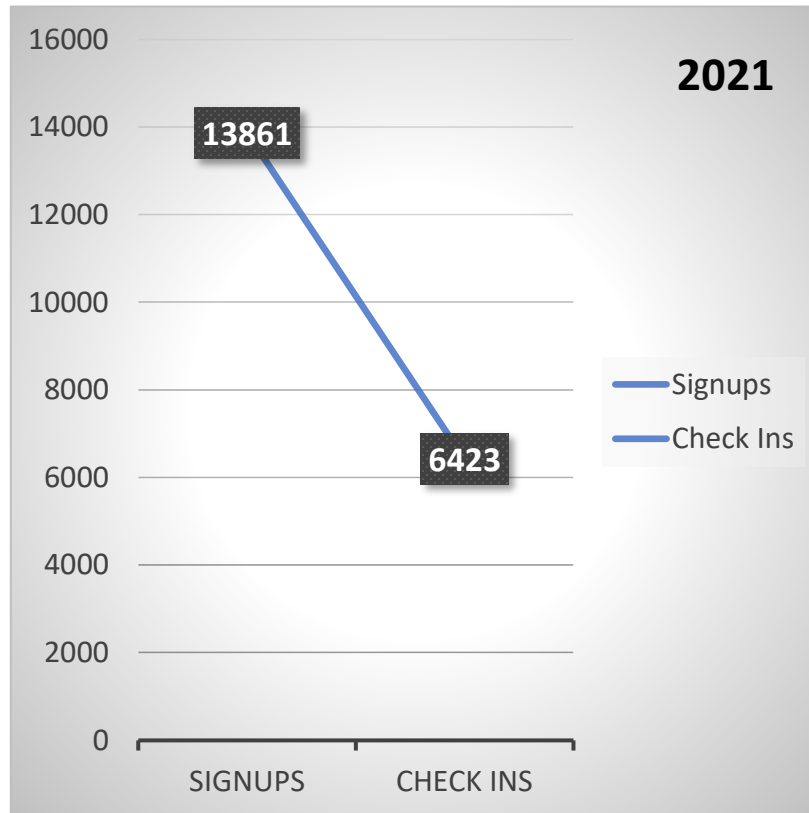

January – December 2021

January – December 2022

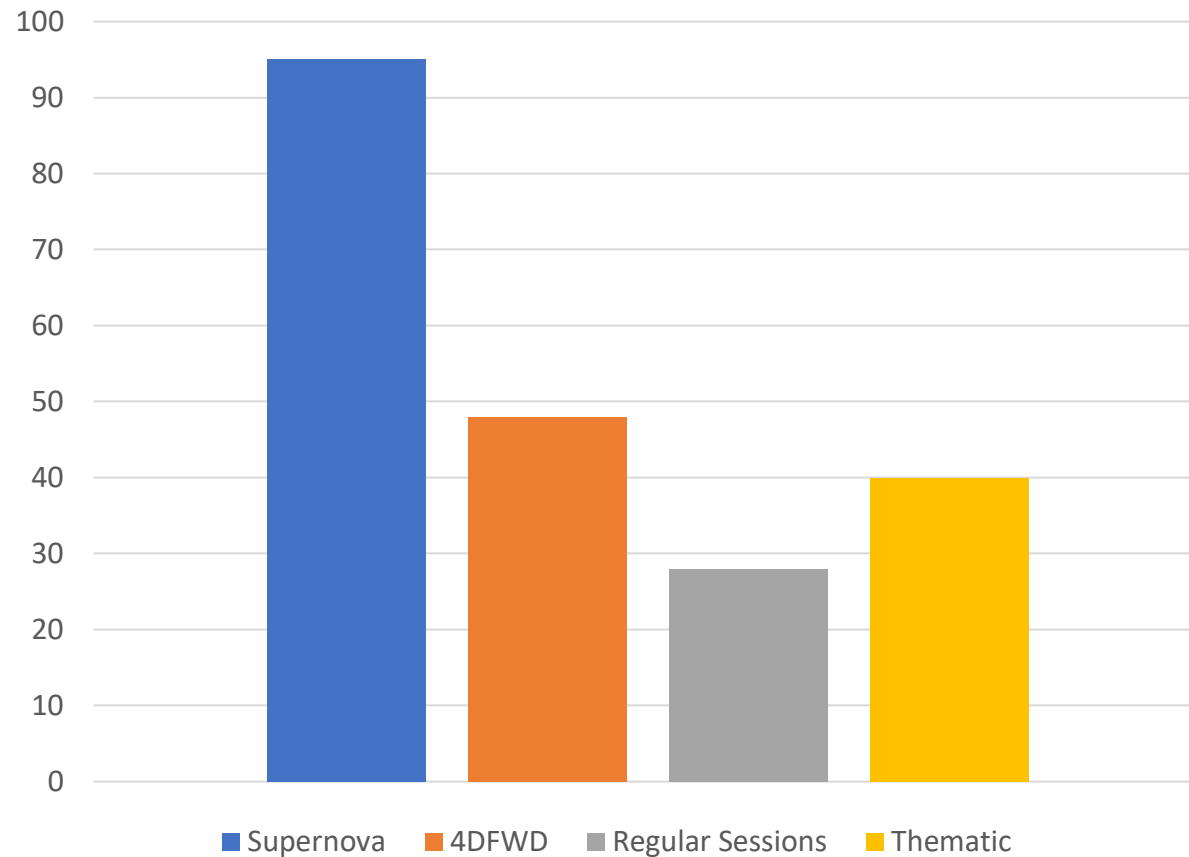

- From having an average of 4 women participate on ground in 2021 we have now managed to get an average of 12 women participating for all the aR sessions in 2022.
- Men's participation has also increased from 20 in 2021 to 30 in 2022.

RUNTASTIC SIGNUPS VS CHECK INS

- Although, the number of sign ups have increased in 2022, the check-ins have fallen tremendously as compared to 2021. This issue was brought up in October and since then we have seen an increase in the number check-ins.

PARTICIPATION DURING CAMPAIGNS/THEMATIC SESSIONS VS REGULAR SESSIONS

- Shoe campaign activations have attracted the most number of participants on ground & the Supernova Bring-A-Buddy session was a huge success with 95 participants.
- Thematic sessions like the santa run, beach clean up, etc have seen an average of 35 participants.
- Participations during regular training sessions have been stagnant but Zumba/kickboxing sessions have always attracted newer faces.

EVALUATION OF THE GOALS SET AT THE BEGINNING OF THE YEAR 2022

A		Increase size of the community
a	Qualitative	Status
		ML: Due to multiple well established smaller closed running groups at ML & unavailability of crew we weren't able to run this chapter successfully Andheri: A great option for 2023, with the right leadership we believe that this location can be a huge success
	1 Explore alternate locations	
	2 Experiment with training plans	Including fun sessions like Yoga, zumba & kickboxing was a huge success and should be continued in 2023
	3 Create a mix of virtual and onground training	After WB we completely stopped scheduling virtual sessions as on ground sessions were more impactful
	4 Alternate days for sessions	Currently we are scheduling sessions on Thursday, Saturday & Sunday. Basis the onground participation only Thursday & Sunday has been working for aR Mumbai
	5 Crew to bring in more people	Though we have seen a slight increase in the onground participation we have still not been able to grow the community by 20%
a	Quantitative	Status
	Overall size of the community to be increased by 120%	X
	Crew target: Add minimum 20 people per crew 1 per year	X
	1 Target 80K sign ups on Runtastic	14139

B	Participant experience	
	Qualitative	Status
1	Visually appealing with branding	Hand flags have helped the crew to start conversations to drive participation
2	Incentive plan	Post run breakfasts+AR tee+adidas goodies (Sipper, draw string bag, orange caps, visar caps, ar stickers) have been a huge success and has helped in driving participation
3	Sessions for amateurs + serious runners	We have not scheduled separate sessions for amateurs & serious runners but have created separate pace groups to cater to everyone's training needs
a	Quantitative	Status
1	Introduce minimum 1 program to cater to new audiences: Speed Program, Road to the Podium, First Half Marathon	Race season program led by Tamil & Seby has been appreciated by the community and has helped members especially woman run their first marathon with the right training & support
2	Introduce the incentive program to retain/ sustain the current membership	Special products like the orange adidas caps & the visar caps have been given to consistent members of the community and the feedback has been extremely positive

C	Social Media	
a	Qualitative	Status
1	Content push	i. Stories: It has been observed that the crew is either uploading stories a day before the session post 7pm or are not uploading the session creatives at all. ii. August onwards FB events haven't been created for all our sessions and we have failed to upload training images on a regular basis on our fB group
2	Improve communication across touchpoints	Tamil has done a fantastic job in engaging with the community on a regular basis on our whatsapp groups & offline
3	Build crew profiles	-
4	Build each chapter digitally	X
a	Quantitative	Status
1	Increase followers on the crew profiles by minimum 20%	There is still more room for improvement

D	Crew	
a	Qualitative	Status
1	Add more crew	Sebastian+Halima
2	Ensure crew goals are met	Driving participation is where the crew have struggled in 2022
3	Identify people from the community to upgrade	Halima
a	Quantitative	Status
1	Identify sub chapters for each city	Andheri has a lot of potential but it is essential to grow Bandra first
2	Increase crew strength to 45 (they need not all be on roster, we can simply identify people and groom them)	At the moment,we have 4 crew members managing Bandra which is quite sufficient

E	Demographic	
a	Qualitative	Status
1	Community partnerships	PCOS Club India+ Leap.club helped me reach newer female audience
2	Women focused programs	
F	Community giving initiative	
1	Pick an initiative the community as a whole can contribute to	Beach clean ups
2	Do sessions for communities beyond runners (underprevidged/ transgender/ gays/ minorities, etc)	NA

ATTENDANCE

JULY-DEC

TAMIL: 81%

UMAR: 36%

AMRITA: 40%

SEBASTIAN: 80%

HALIMA: 70%

KIMBERLY: 40%

ATTENDANCE

☐ JULY
